SEW IN WEFT & FUSION CERTIFICATION

This comprehensive class is designed to guide Stylists through the Essential Techniques and Application Methods of **Sew-In Weft & Fusion Extensions**.

During our 2 Method Certification Class, attendees will learn how to install Weft and Fusion Extensions with confidence. This comprehensive training covers the fundamentals of application and removal, advanced techniques such as fully concealing the bead foundation, and best practices for introducing extension services to your clients. We'll also cover proper aftercare, maintenance, and practical marketing strategies to help you successfully promote and grow extension services within your business. Limited to fifteen students.
